

American Historical Association

AI Policy Template for Use in History Education

Task	Could this be acceptable use?	Under what conditions?
Ask generative AI to identify or summarize key points in an article before you read it		
Use an AI chatbot as a writing partner to help generate and develop ideas		
Ask generative AI to produce a starter bibliography		
Ask generative AI to produce a historical image for a paper or presentation		
Ask generative AI to fix the structure or formatting of your footnotes		
Ask generative AI to write an essay or chapter. Submit that essay or chapter as your own work		
Write an essay/chapter. Ask AI to sharpen the language but not modify, add to, or replace the main points		
Write an essay/chapter. Ask AI to add additional points		
Ask AI to summarize a book or article in your field. Use this as a starting point for critical engagement		
Ask AI to summarize a book or article in your field. Reproduce that summary in your literature review without reading the book or article		
Use an AI generated summary of scholarship to critique another scholar's approach		
Include a reference generated by AI in a footnote without checking the original
